Would this addressing be acceptable for the high school? It appears to work for fire services.

Subject: Edina HS Premise ID

Jeff,

We would like to retain "6754" as the main address for the High School and apply the required 3rd address to the existing building, see attached sketch.

We propose:

1. Change building signage on EPAC to read "6752"
2. Add building signage at new entry to read "6754"
3. Add address to existing monument sign. We can add either "6754" or "6752 - 6754" depending on your preference.
4. Existing building signage "6750" to remain at Valley View Middle School

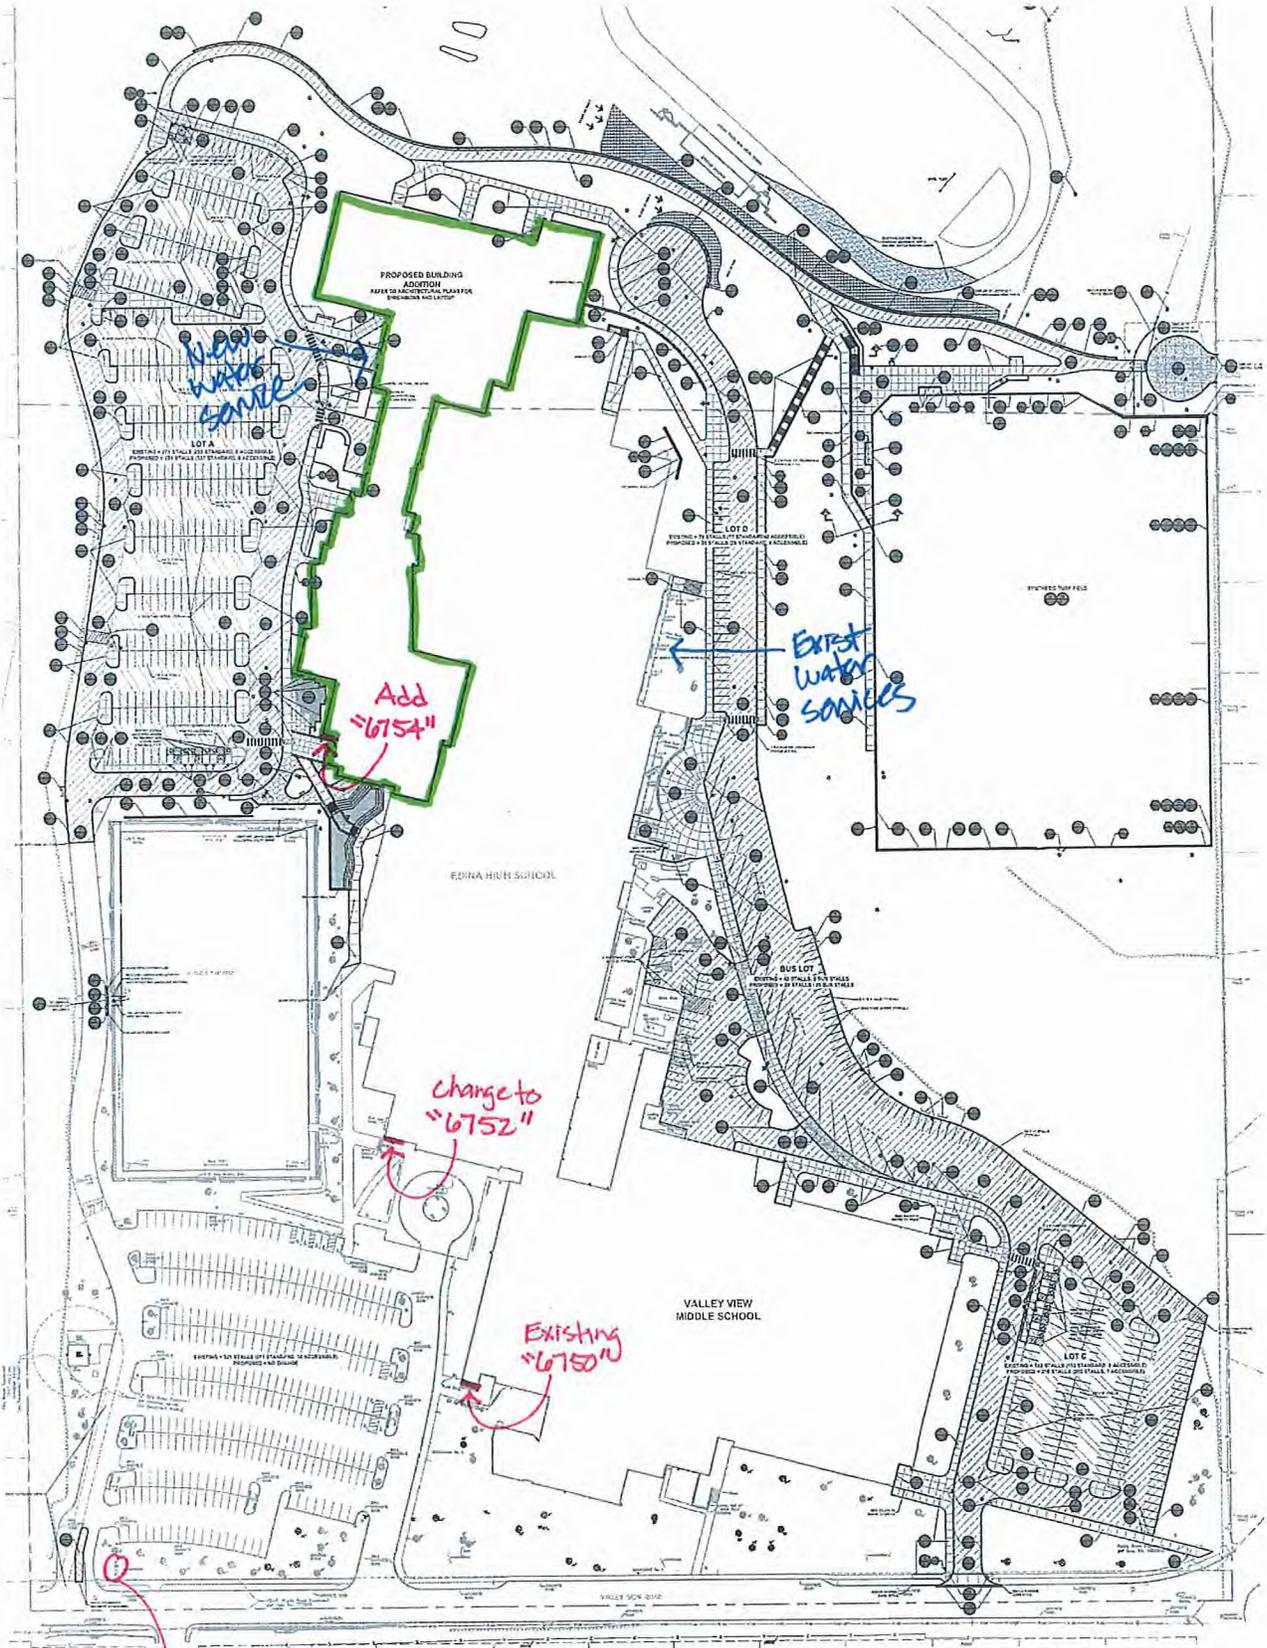

Sincerely,
Wold Architects and Engineers

Sara Kelzenberg

Subject: Tracy Ave Roundabout electrical service

Good afternoon David,

I'm looking to get the Xcel electrical service application in for the subject project. Bob Reinhardt directed me to you for an address for this location. I was wondering if you had one already or is this still in the works?

Thanks,
Adam
